

# Spider Fridge Magnet

## SUPPLIES

- Black felt
- 3 or 4 cotton balls
- 4 black pipe cleaners
- 2 small pom-poms
- 2 googly eyes
- 8 small magnets (buy in a strip and cut into 3/4" pieces)
- Black thread
- Needle
- Scissors
- Glue gun

## BODY

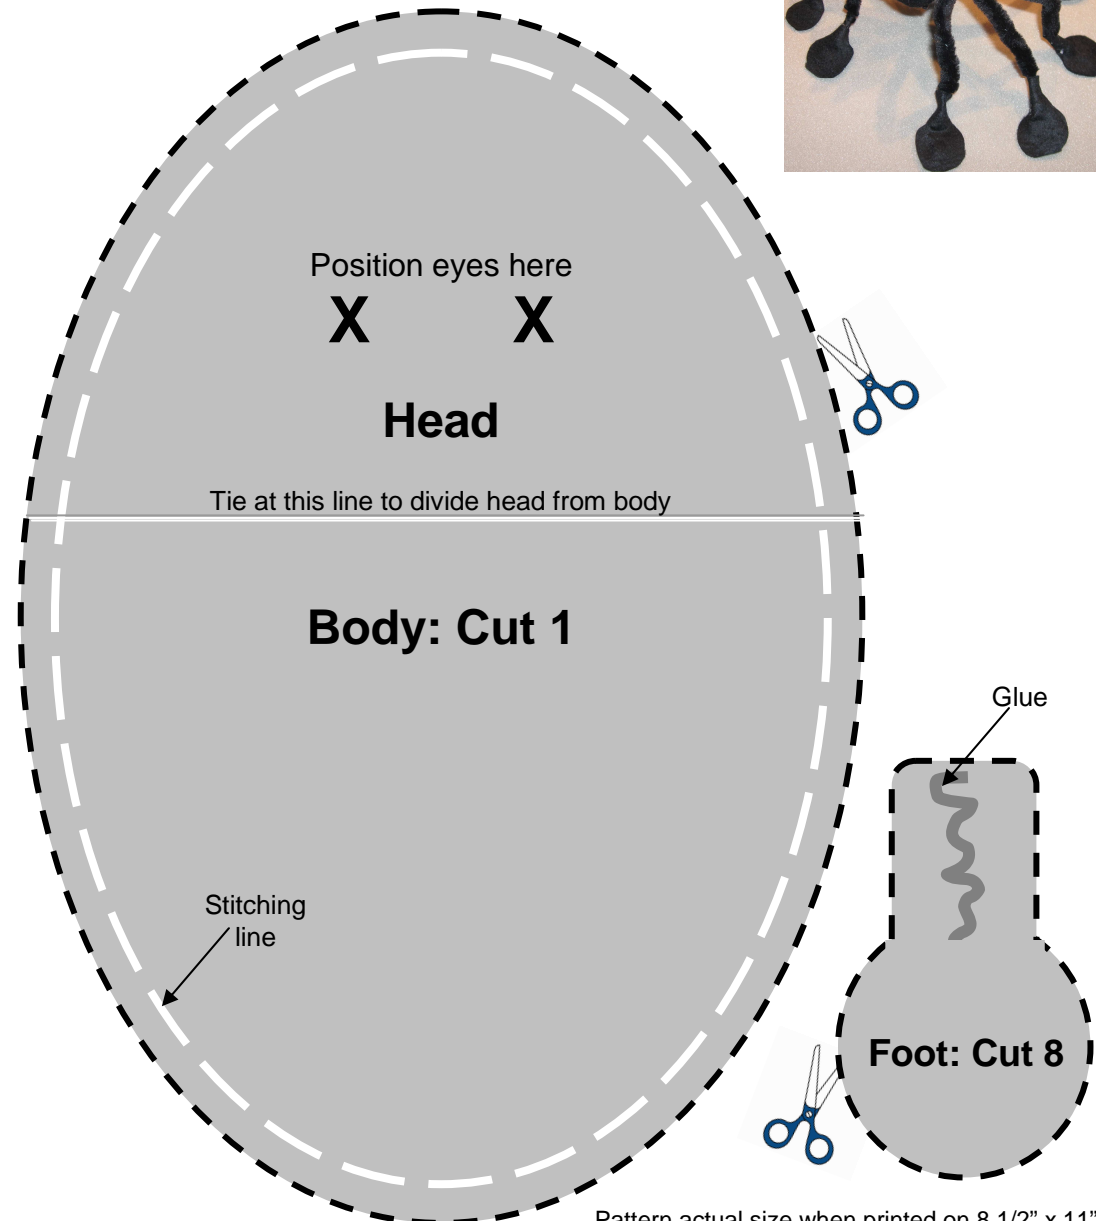

1. Cut 1 body and head piece in felt
2. Hand sew running stitches all around the body and head with the black thread and pull thread tight to gather all the stitches, stuff the inside of the body with cotton balls, tie off thread and stitch down length of body to close the gap.
3. Tie threads tightly around the body where indicated to form a head.

## LEGS

1. Cut 8 foot shapes for the spider's feet.
2. With the hot glue gun, run a length of glue on top portion only where indicated.
3. Wrap around ends of each of the 4 pipe cleaners
4. Glue magnet to underside of foot

## Assembly:

1. Twist the 4 pipe cleaners together and glue to the underside of the spider's belly.
2. Glue pom-pom on head to form eyes where indicated
3. Glue googly eyes to end of pom-pom
4. Decorate spider's back
5. Bend spider's legs and twist feet and he's ready to use.

Pattern actual size when printed on 8.1/2" x 11"
